Economic Impacts to Hospitals and Communities from 1/1/25 to 9/30/26

Announced Hospital Layoffs: 4,911

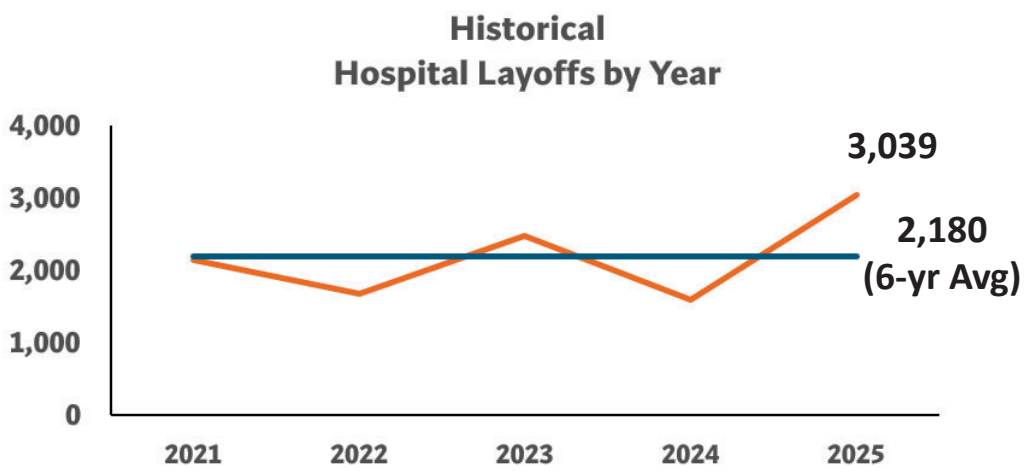

Total Jobs Lost (Including Those Supported in the Community): 9,452

Complete Hospital Closures: 1

Announced Hospital Bankruptcies: 3

Key Service Line Discontinuations Outside of Hospital Bankruptcies and Complete Closures: 9 (Burn, Gender Affirming Care, General Acute Care Services, L&D, Pediatrics)

Historical Context From Worker Adjustment and Retraining Notifications (WARNs) , 2021 - 2025

- The **3,039** hospital layoffs in 2025 were the highest since 2021 and **39%** above the 6-year average.
- Layoffs in 2025 often occurred at vulnerable hospitals caring for underserved populations, including rural hospitals, hospitals with negative operating margins, and hospitals serving a high proportion of patients with Medi-Cal

Source: California Employment Development Department. Hospitals are required to provide WARNs of layoffs of 50 or more employees within a 30-day period regardless of the percent of workforce affected.
